

Week 5 — Agent Test Transcript

Model used: gemini-2.5-flash-lite

Tools: employee_lookup, policy_search, expense_query

Query 1 (role: engineer)

Q: What is the travel policy?

Answer:

All business travel must be pre-approved by a manager and adheres to specific budget limits based on employee level and travel type (domestic or international). Domestic travel has per-trip and annual limits that vary for IC1-IC2, IC3-IC4, IC5+, Managers, and Directors+. International travel requires VP approval and has budget limits that are 50% higher.

Query 5 (role: hr)

Q: Look up the employee named Brian Yang

Answer:

Brian Yang is the VP Engineering (Executive) in the Engineering department.

tokens: 547 · cost: \$0.000047

Query 6 (role: hr)

Q: Find employee with ID 1

Answer:

The employee with ID 1 is Brian Yang.

tokens: 540 · cost: \$0.000046

Query 7 (role: engineer)

Q: What does the policy say about remote work?

Answer:

The policy states that all employees are eligible for remote work, except for those in roles requiring a physical presence, such as Office Management, Facilities, and Reception.

There are two remote work arrangements: * **Full Remote:** Available to all eligible employees. Requires working core hours of 10 am-3 pm PT and participating in in-person events quarterly. * **Hybrid:** Involves working 3 days in the office and 2 days remotely. This is preferred for managers with direct reports, with office days typically being Monday-Wednesday.

Query 8 (role: employee)

Q: Tell me about the parental leave / benefits policy

Answer:

I am sorry, but the provided information does not contain details about a parental leave or benefits policy. The available documents discuss Paid Time Off (PTO), Crisis Management, and New Product Launch meetings.

tokens: 807 · cost: \$0.000072

Query 9 (role: manager)

Q: What is the expense approval limit for an ic3?

Answer:

The expense approval limit for an ic3 is \$2000.

tokens: 323 · cost: \$0.000030

Query 10 (role: **engineer**)

Q: What is our security policy for handling data?

Answer:

The provided documents do not contain a specific security policy for handling data. However, the “GDPR Compliance Policy” outlines some requirements related to data handling, including:

- Respecting data subject rights such as the right to access, rectification, erasure, restrict processing, and data portability.
- TechCorp’s obligations to maintain a data inventory, conduct DPIAs, report breaches within 72 hours, appoint a DPO, and document processing.
- Specific rules for employee data handling, which include processing only for HR/payroll/benefits and requiring consent for cross-border transfers.
